About The Campus

IIMT Academy (Pre-Nursery to Class XII)

Your education rendezvous - where innovation and creativity is incessant and boundless.

IIMT Academy was established with a vision to inculcate creativity and technological innovation. This is a place where the focus is on converting dreams and visions into reality. In line with our passion to drive our young and budding scientists, engineers, biotechnologists, the school has established the first Atal Tinkering Lab (ATL) where our young enthusiasts get hands-on experience understanding STEM (Science, Technology, Engineering and Maths). The teaching methodology includes activity based teaching besides class room and labs. Smart Classes are today an integral part of class room learning as they assist in visual based learning. The teachers are one of the best resources available in the region.

IIMT Boarding School (Class III to XII)

A boarding school that is a home away from home. The care and love that students of boarding school receive is such that in the history of this school, none of the students has ever felt home sick after just one month of stay. The values inculcated amongst the students of boarding are unique and each student becomes a family member of the other. Students come from all parts of North India not only to get education but to become part of the family and to learn the ethics, values and traditions of the Indian culture. When they take these values back home, their parents and family praise them for their development. The boarding school is well equipped with many facilities like swimming pool, cricket academy, indoor and outdoor games and a creative educational environment.

IIMT Starz (Pre-Nursery to Class-II)

Young children today are more tech-savvy and their learning senses are also more developed than their predecessors. The young kids not only learn through audio-visual aids but also by play way learning. The school boasts of the biggest play zone in the city ever titled "The Wonderland". Children acquire not only knowledge but are also educated on the basics of life like healthy living, table manners, traditional culture and Indian values in a stimulating and colourful environment.

Vision

“The School with a mission to provide quality education”

“To create a world renowned education centre imparting knowledge, values and creativity to the future generations.”

Mission

“To enhance holistic development of the child with the emphasis on FORMATION instead of INFORMATION with a view to make them Global Citizens and proud Indians.”

Salient Features

- ⊙ The first Atal Tinkering Lab (ATL) in Meerut where the young children will get a chance to work with tools and equipments to understand the concepts of STEM (Science, Technology, Engineering and Maths)
- ⊙ Smart Classes for comprehensive understanding of topics
- ⊙ Teacher Student Ratio 1:20
- ⊙ Hygienic Mess & Cafeteria
- ⊙ Excellent Sports Facilities
- ⊙ Well Stocked Library, Science & Computer Labs
- ⊙ Gymnasium
- ⊙ Shooting Range, Swimming Pool, Horse Riding
- ⊙ ATM Facility
- ⊙ 24/7 Power Backup
- ⊙ Highly Qualified, Skilled, Experienced and Resourceful Teachers
- ⊙ Seminars and Workshops for Personality Development & Career Counselling
- ⊙ Mandatory ESL Classes (English is a Secondary Language)
- ⊙ Separate Schooling for Boarding Students
- ⊙ Separate Air Conditioned Hostel for Boys & Girls

Chairman's Message

“विद्या ददाति पात्रता” (education makes you eligible) was the objective behind establishing IIMT Management College in 1994. A group of philanthropists and like-minded experts got together to setup an educational institution for imparting education in a value driven culture where learning will have no boundaries.

Today the society has five educational campuses, sixteen colleges and four schools under the IIMT flagship.

IIMT Academy is a school where innovation never stops and to facilitate this, the IIMT group has never compromised. The school has the first Atal Tinkering Lab (ATL) where our young enthusiasts get hands-on experience understanding STEM (Science, Technology, Engineering and Maths). The school has been well equipped with not only the best and up-to-date technologies but also with the best teaching resources available in the region.

The vision of transforming young minds into creative masterminds and to provide a conducive environment where education is balanced and inspiring, the IIMT group came up with a state-of-the-art boarding school in Meerut, where polishing a potential is a way of life; where overall development of every child is imperative; a place where students enjoy best co-educational & best residential facilities and study on the basis of Guru-Shishya Parampara.

Soon, the group realized the nation's need to educate the poor and the rural kids. The IIMT group setup another institution from pre-nursery to Class V at Kila Parikshit Garh named IIMT Academy, Kila with focus on the underprivileged kids from rural areas. The academy provides special classes to kids, in order to help them compete with their counterparts thus standing true to the moto with which the group started its operations in 1994.

With so many years of experience in the field of education, the IIMT group realized that the young kids today have special needs and demands. They are more tech-savvy and their learning senses are also more advanced than their seniors. The young kids not only learn through audio-visuals but also want kinesthetic inputs to learning. The IIMT group introduced a whole new way of learning through IIMT Starz with a special focus on the development of the tiny tots. The school accommodates students from Pre-Nursery to Class-II only. It boasts of the biggest play zone in the city ever titled “The Wonderland”.

All the four IIMT group schools offer a whole new experience to the learners. The focus is on opening the minds of the younger generation to a world of possibilities and to give them the right vision to accomplish their goals which will in-turn help achieve the goals of a developed nation.

Yogesh Mohanji Gupta

IIMT ACADEMY

The Kindergarten Block

"In IIMT-We receive the child in reverence, we educate the child in love and we release the child in freedom." The IIMT kindergarten block comes as a blessing for tiny tots with a perfect ambience which is unique due to its artistically designed building. The play area at the entrance offers an appealing sight which houses various swings and toys. The walls and doors have been painted in rainbow colors to give wonderfully cheerful look. Through creative play and diverse activities in kindergarten, the children learn skills that will later enable them to be practical to take initiative and responsibilities. These are the years where the foundation of a life is laid. Our aim is to develop imaginative qualities and respect for others that will guide and nourish them throughout their lives and provide a strong foundation for their personal, social and intellectual development. Special treat for the little ones

- ⊙ Activity room
- ⊙ Language Lab
- ⊙ Living room
- ⊙ Computer room
- ⊙ Library

Infrastructure

"A perfect blend of nature and education"

The Campus

IIMT Academy, one of the five campuses of IIMT Group, strives to be a school with a difference where emphasis is laid on both stimulating ambience and garnering academic excellence. It is a HI-TECH School including:

- Spacious and airy classrooms
- Smart Classes
- Fully equipped laboratories
- Language Labs
- Social Sciences and Mathematics Labs
- Music Hall
- Seminar Hall
- Computer Lab
- Library
- SMS Alerts
- Pure and distilled drinking water
- Large Play Ground
- Proper arrangements for indoor activities
- A well planned skating rink
- Volley ball, Badminton and Basket Ball Court

Laboratories

"Technological Advantage"

Laboratories, the soul of any school, form an integral part of any educational set up. We have laboratories of Social Science Humanities, Science i.e. Physics, Chemistry, Biology and Maths which are ergonomically designed and well equipped for catering to the needs of the students and in accordance with the curriculum.

The first Atal Tinkering Lab (ATL) in Meerut

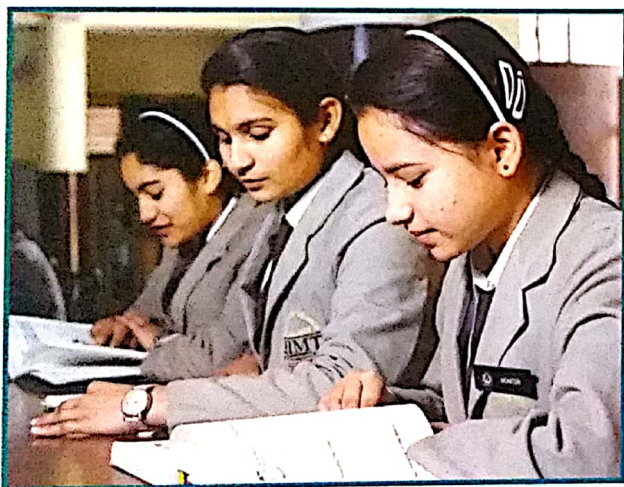

Atal Tinkering Lab is a platform where young minds can give shape to their ideas through hands on experience and do-it-yourself mode and learn innovation skills.

The objective of this laboratory is to foster curiosity, creativity and imagination in young minds. Through this laboratory young children will get a chance to work with tools and equipments to understand the concept of STEM (Science, Technology, Engineering and Maths). ATL would contain educational and learning 'do it yourself' kits and equipments on science, electronic, robotics, open source microcontroller boards, sensors, 3D printers and computers. In order to foster innovation among students, ATL can conduct different activities ranging from regional and national level competitions, exhibitions, workshops on problem-solving, designing and fabrication of products at periodic intervals.

Library

"A Treasure house of knowledge"

Library, the house of knowledge, at IIMT is well stocked with thousands of books for both junior and senior sections on various subjects. The students here are encouraged to cultivate the habit of reading by different books, reference books, journals, magazines and newspapers.

Transport

"Distance no bar"

Excellent Transport facility is available for students through buses plying on all routes in the city and nearby areas as per the requirement of the students so that they have comfortable commutation to the campus.

Seminar Hall

"A platform for skill enhancement"

The lecture theatre is well equipped with comprehensive audio-visual equipments like LCD projector, overhead projector and digital display screen. Here, the students are made aware of the technological and scientific developments taking place across the globe.

IIMTians have the advantage of attending various seminars and workshops where they can get hands on experience and practical knowledge of different spheres. In the leadership of our go getter Principal, we have conducted seminars and workshops on EQ Vs IQ, Phonetics, Calligraphy-art of handwriting, Discipline, Awakening, Communication skill, Personal Grooming, Likes and Dislikes, Movie Review Pronunciation Skills, Love with your work, Syntax etc. for the all round personality development of the students.

IIMT BOARDING SCHOOL

Boarding House (AC Rooms)

"A Home away from home"

The hostel has been designed more like a cozy home, housing families than traditional boarding houses that have huge dormitories. Each room houses 4-5 children who live like a close-knit family. The boarding father and boarding mother along with support staff, ensures high standards in hygiene and good maintenance. As an important feature, 24/7 water and electricity supply, facilitated by large water tanks & efficient generators are available. Laundry facility is also available. Every facility is provided to ensure a conducive environment where student can study without any tension of daily life.

Phone Call/Electronic Gadget/Leave/ Tours

1. Boarders would be allowed to call up home only on Sundays.
2. No electronic gadget is allowed in the possession of the students.
3. Boarders are not allowed any leave during the school time except in the case of family medical emergency relating to any member of the immediate family (brother, sister, uncle, aunt).
4. Medical leave will be granted by the Principal only when all supporting medical documents and medical certificates including prescriptions are submitted.
5. Once in a year an Educational Tour shall be organized by the school. Every student has to participate.

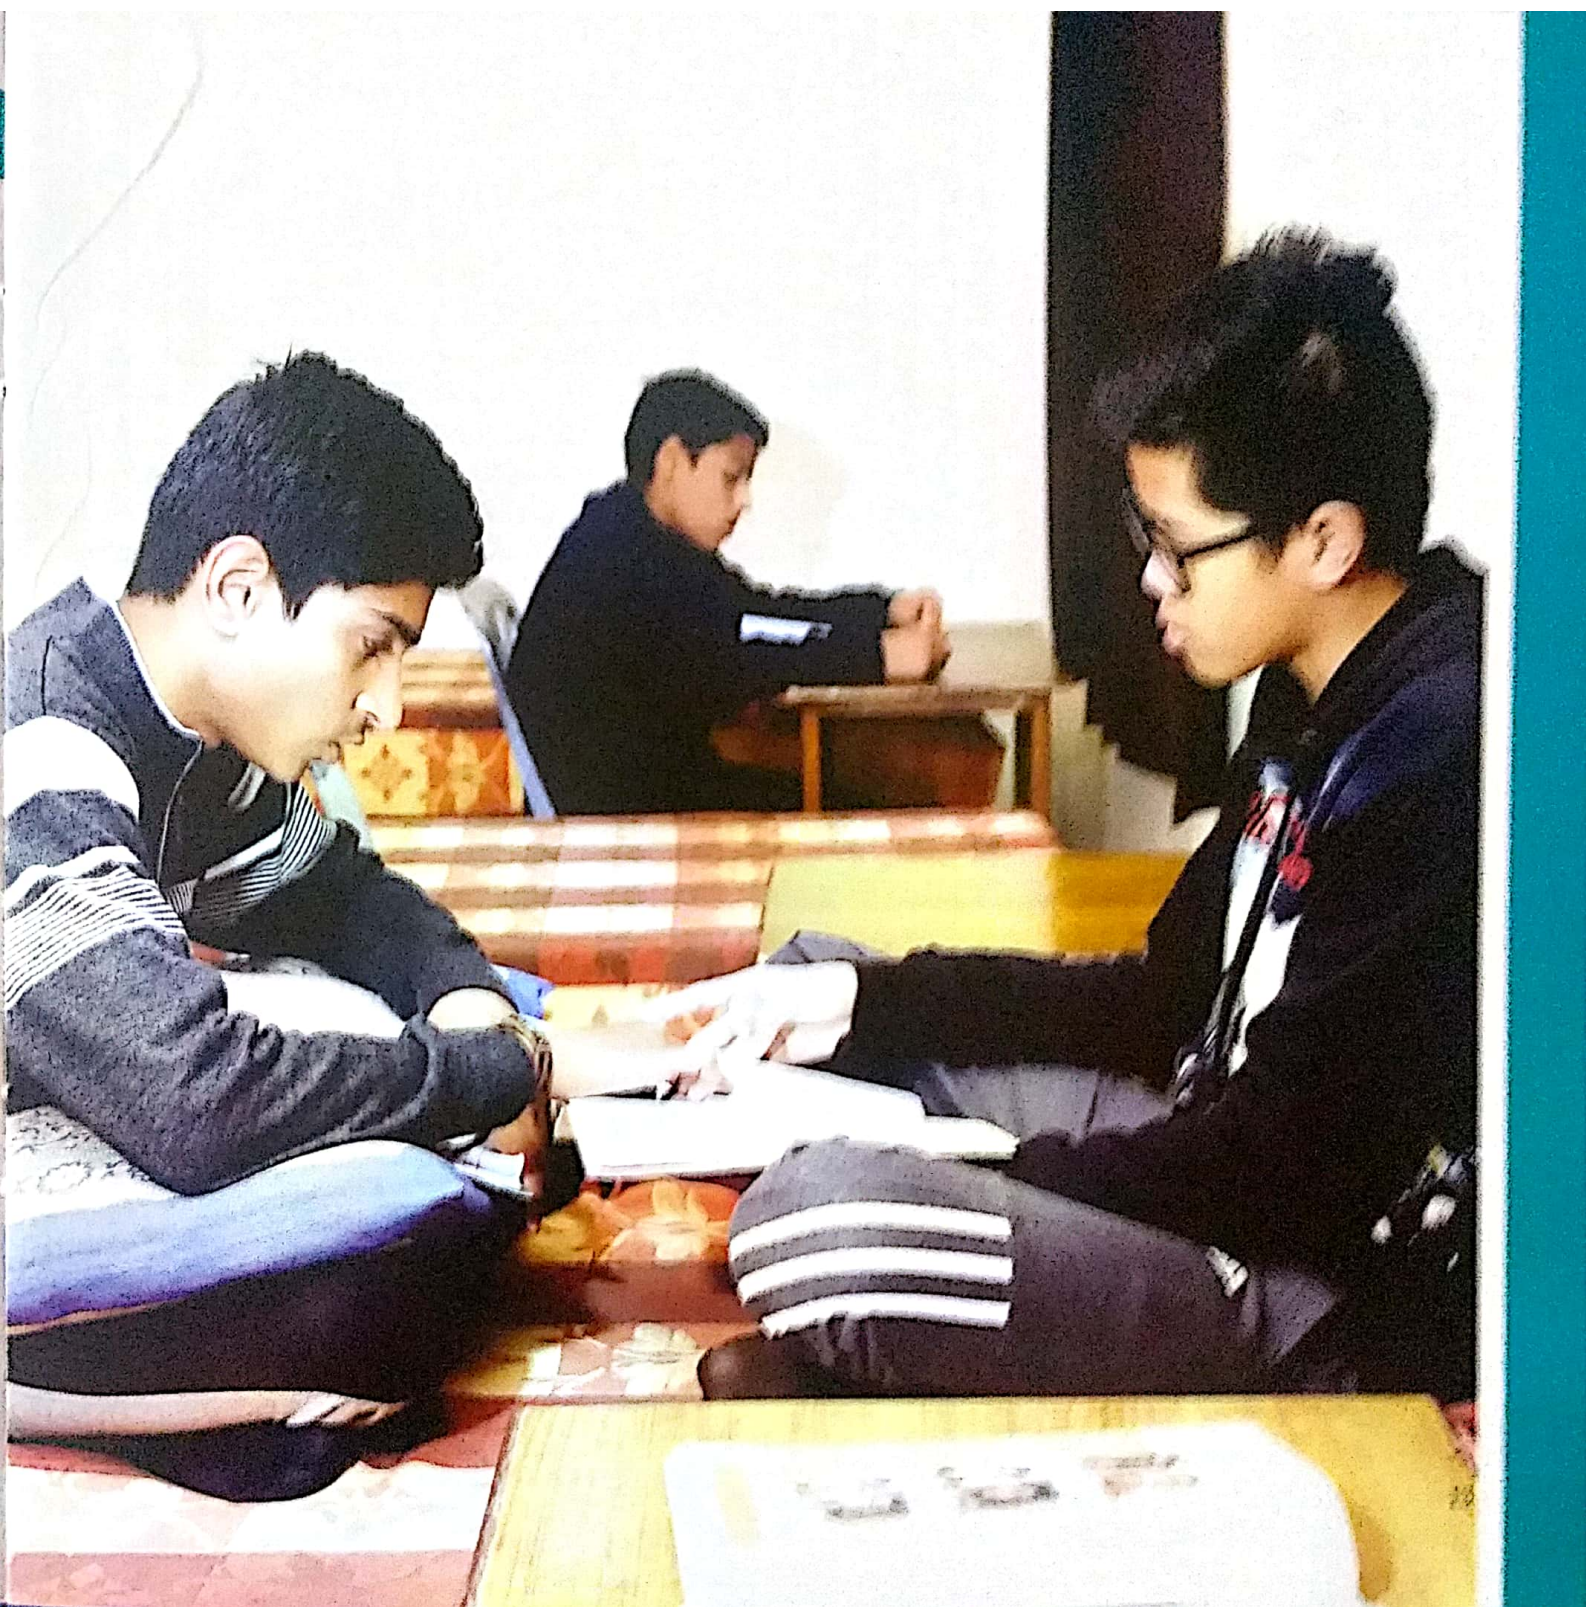

Visits of Parents

1. Parents and guardians who come to visit their wards must contact the Boarding Father or Boarding Mother.
2. Parents are allowed to bring only packed and dry eatables to school only on sundays and students are allowed to go for local outing for few hours.

Boarding House Rules

We expect our students to maintain and encourage high standards of personal conduct. These include honesty, discipline, integrity, respect, compassion and ethics. The following are expected:

1. To protect and promote the sanctity of the boarding and school.
2. To safeguard and preserve boarding a school property.
3. It is expected that every boarder should maintain cleanliness in the boarding rooms and also help in making an ecologically 'green' boarding school.
4. To attend all boarding activities regularly.
5. To follow the instructions given in the boarding school by the boarding staff.
6. Students should speak politely and only in English while in the boarding school.
7. Students should behave responsibly with everyone.
8. Students should be dressed appropriately all the time while they are in the boarding house and while leaving the campus.

Mess and Cafeteria

"Nutritious Delicacies"

At IIMT, we give as much importance to food as parents do for their children at home. The dining hall is spacious and well planned. All meals are vegetarian and are planned by our Dietary Consultant keeping in mind the nutritional and dietary needs of growing children. Separate cooking and cleaning area is used. The Catering facilities are managed by school to ensure quality, nutrition and hygiene.

Medical Care

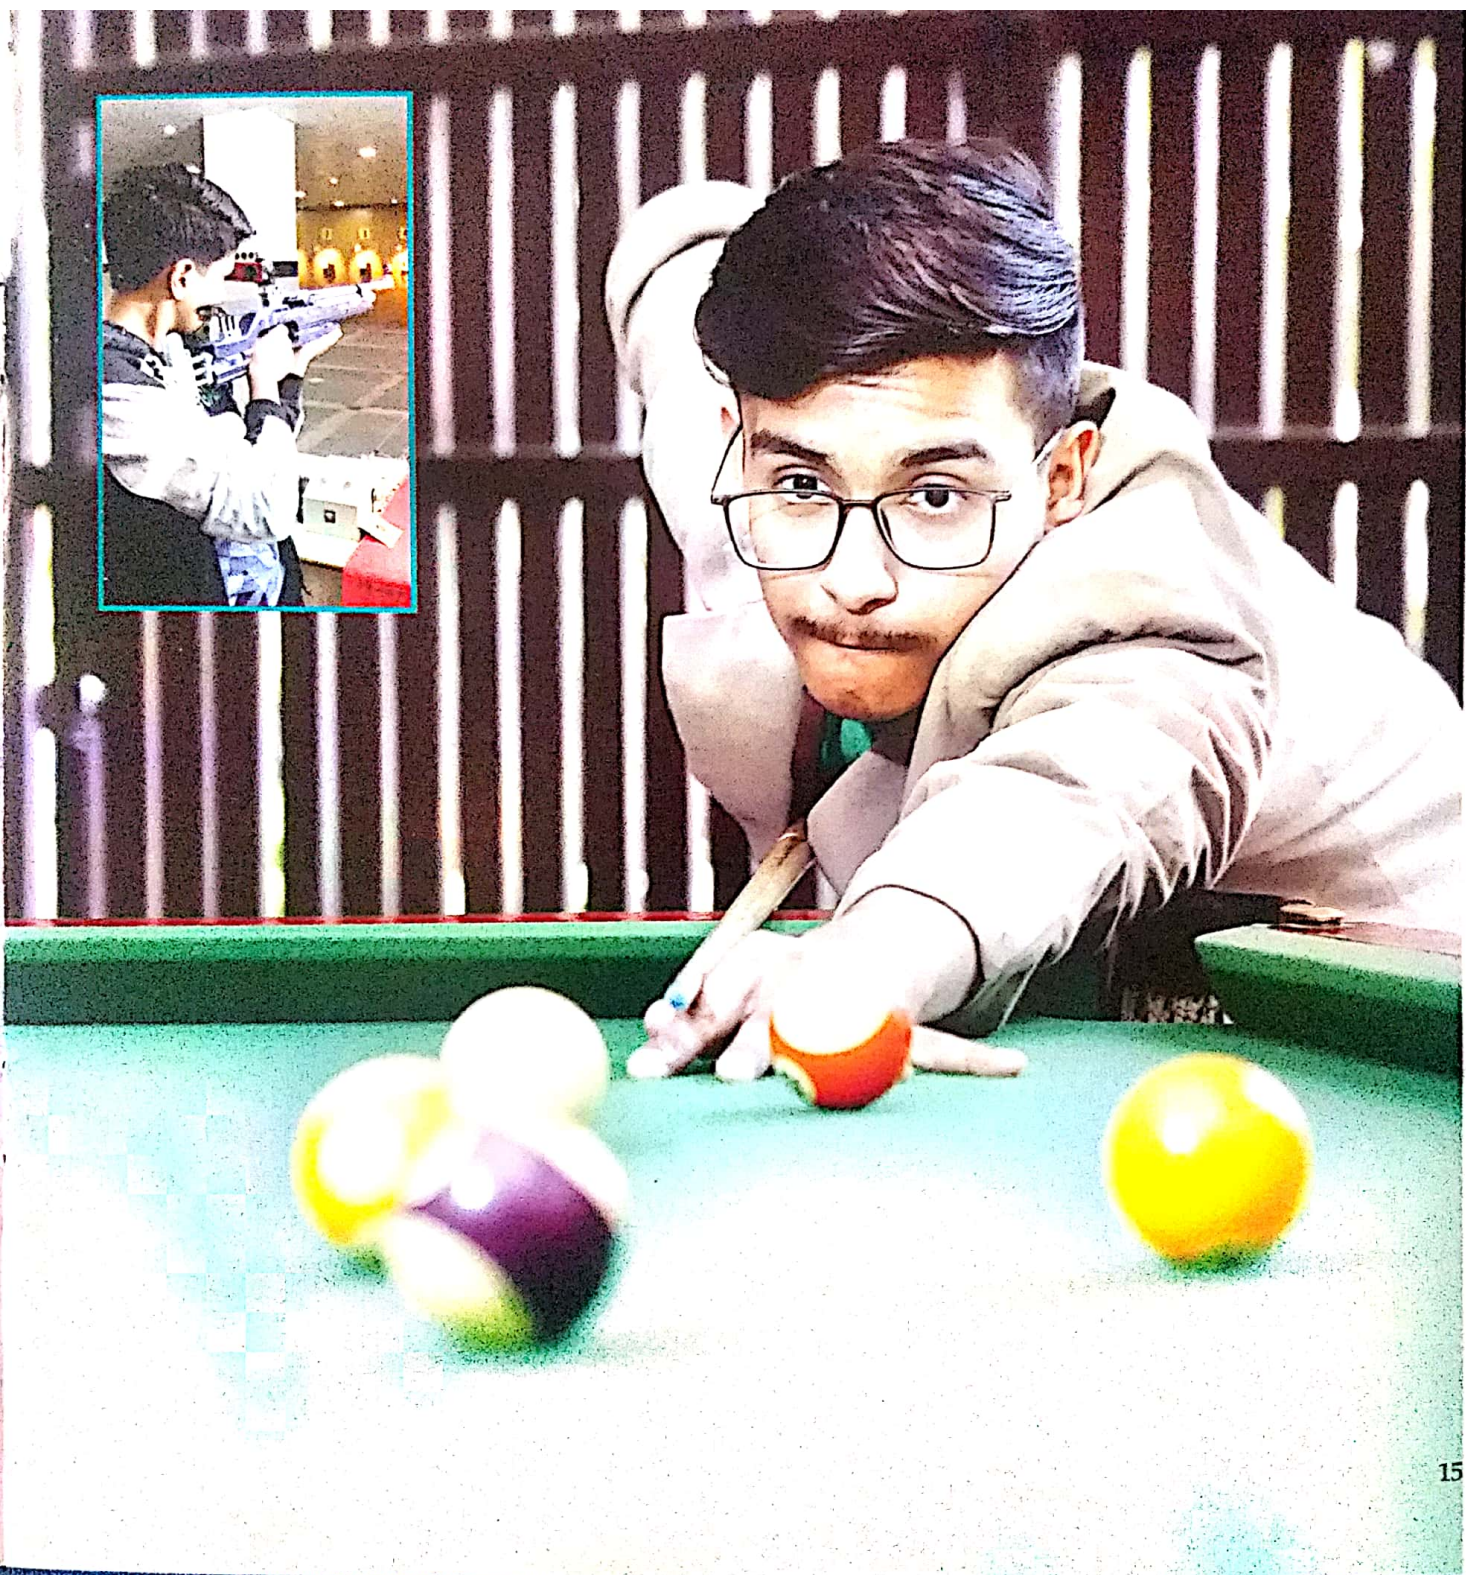

"Because we care"

A fully equipped medical room with a trained teacher is available to attend the minor ailments of the students during school hours. 'Regular Checkups' are into practice. Dental checkups, physical checkups and vaccination form a part of routine medical care. Still if prevention does not work, cure has to be provided. To ensure total wellbeing of the students, the school now has its own IIMT Life Line Hospital for providing 24 hours medical facility, ambulance facility and emergency facility to all the IIMT students.

Sports

"The play way to the development"

Sport is a metaphor for life, and it is said that "an hour of sports is as enriching as years of education". IIMT stands for holistic education which includes a fine blend of physical and intellectual pursuits. In addition to conventional sports like basket ball, football, cricket, tennis and badminton, IIMT also offers Karate, swimming, team sports, horse riding, shooting range and billiards. Coaches/trainers are available for all the activities at school. We encourage our students to expose their talent on state and National Levels. The campus provides a basket ball court, a cricket ground, a football ground, a table tennis Hall, and a big swimming pool etc. along with the well qualified coaches / trainers.

Emotional Support

“Adolescence is a time of big social and emotional development for child. It helps to know what to expect and how to support a child through the changes.”

Children are bound to miss their parents and home at some point of time. The school takes utmost care to provide emotional and parental love by creating a teacher student relation which is warm, informal and based on mutual understanding and respect.

The school provides familiar aura where the children feel happy and safe. During the teenage, children face lots of emotional high and lows. One minute they might feel great, the next they feel sad and tearful. Proper personal care and emotional support is needed at this very vulnerable stage. The school follows a tutor system wherein each teacher is assigned 6-8 students who takes care of everything from emotional to academic needs of the children there by playing the role of a parent tutor.

Academic Framework

Evaluation of Scholastic Activities

We are following CCE pattern for evaluating our children. This is Continuous and Comprehensive Evaluation through-out the academic year. There are mainly two terms with formative assessment (FA) that comprises of:

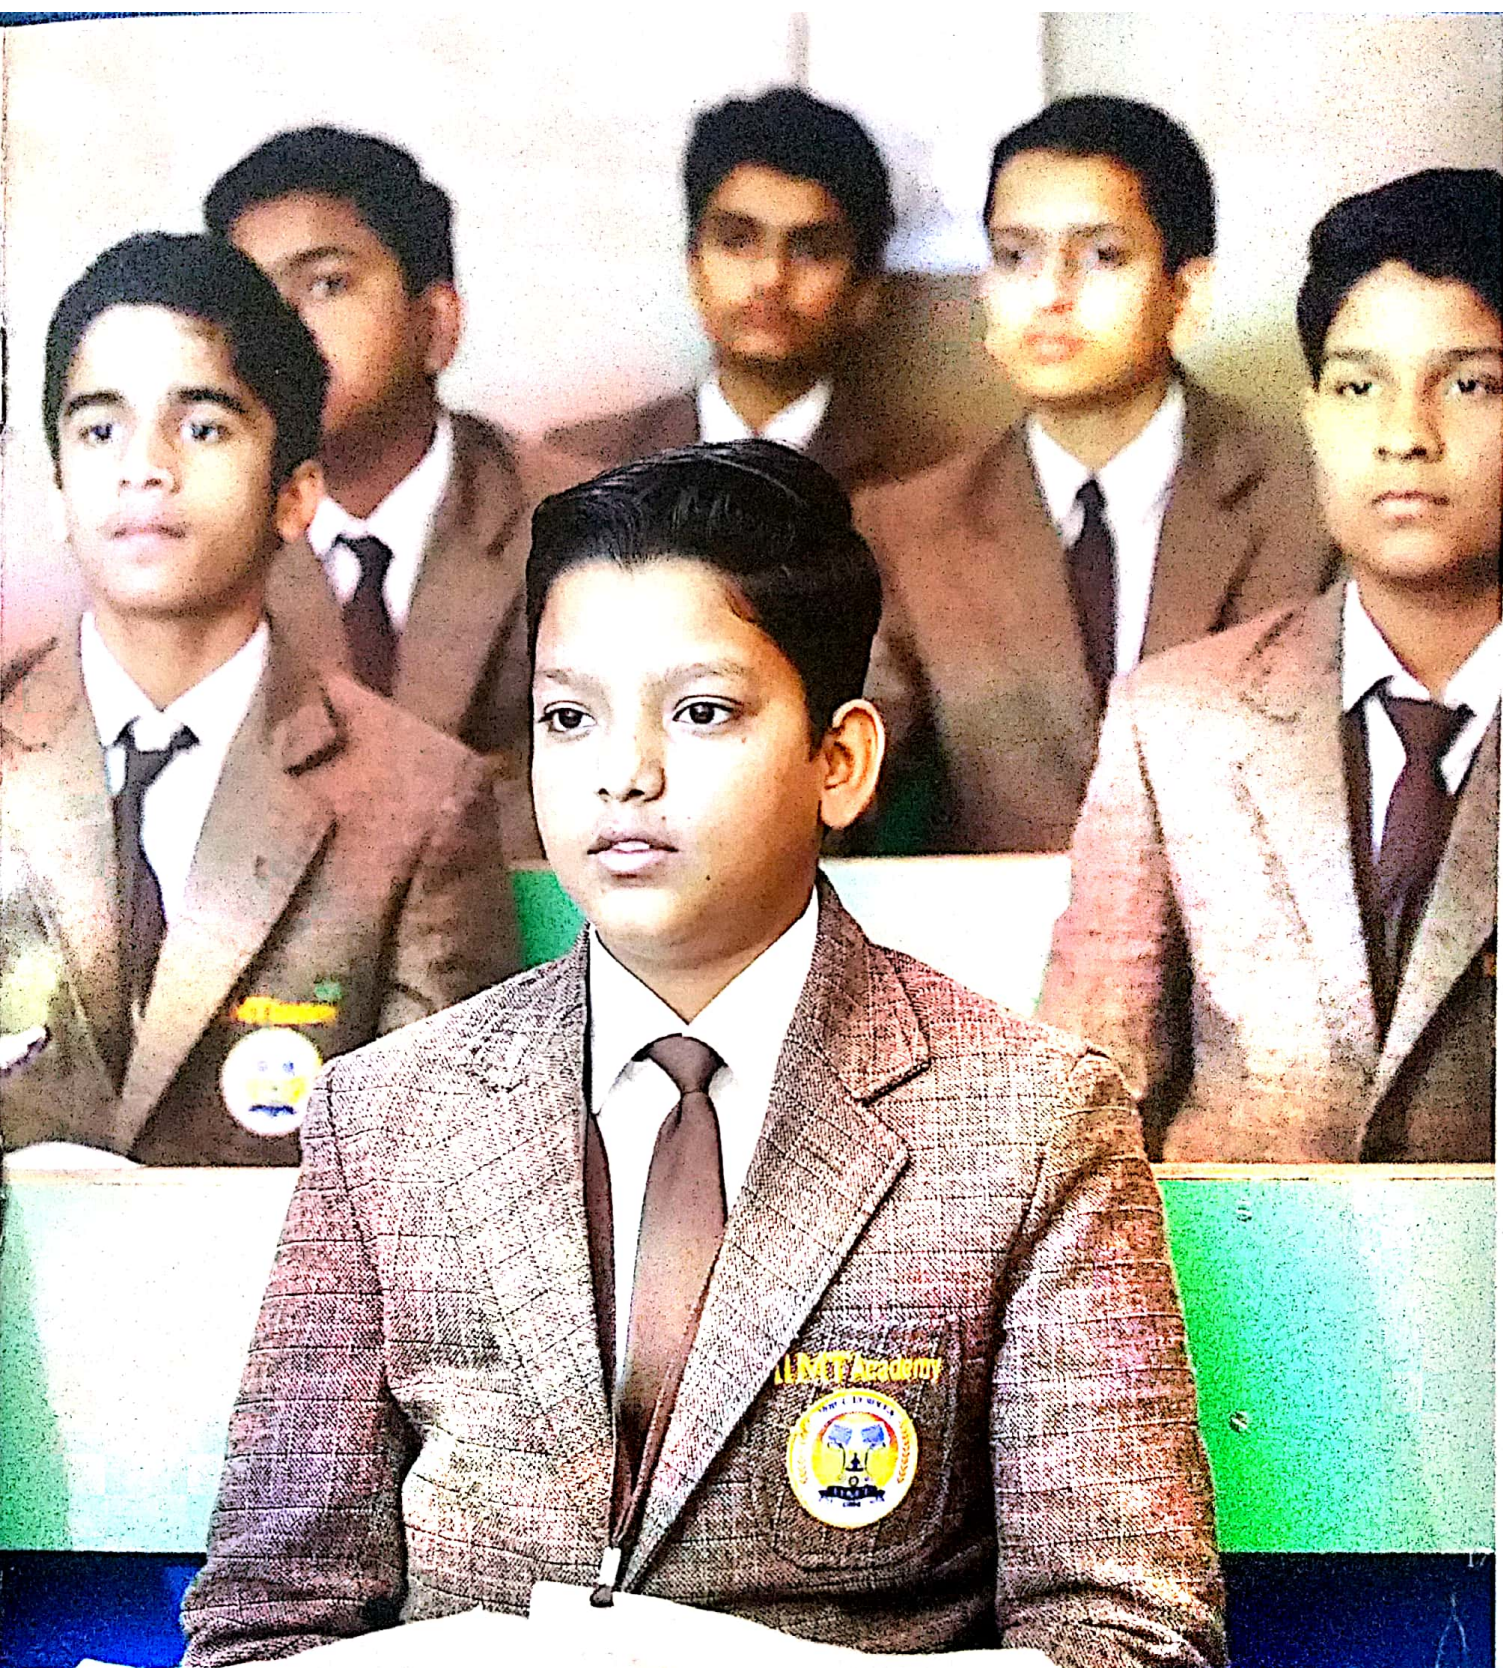

1. Class Work
2. Home work
3. Oral Questions
4. Quiz
5. Projects
6. Assignments/ tests

Assessments are for evaluation, dedication, enhancement and effectiveness. At the end of each term there is summative assessment (SA) based on the curriculum

Scholastic Activities

The academy focuses not only on the academic excellence but also emphasizes on developing the students into complete, compassionate and charming personalities through their all- round development. The focus is on complete positive behavioural changes within a student. Along with this, emphasis is laid on a very good handwriting and English conversation which is extremely important to stand tall in the competitive world.

Non-Scholastic Activities

To develop life skills, students also get opportunity to explore their ability in performing the following activities:

- ⊙ Leadership
- ⊙ Music (Instruments, Orchestras, Concerts Competitions)
- ⊙ Art (Gallery Show, Painting Competition)
- ⊙ Athletics (Different Levels)
- ⊙ Volunteering (Social Service, Community)
- ⊙ Work or related accomplishments (Best Student)
- ⊙ Political (Model UN, Debate)
- ⊙ Scouting (Group Activities)
- ⊙ Random Stuff (Book Review, Journals)
- ⊙ Rallies and social awareness programmes form an important part of the non-scholastic activities where rallies on global warming, hygiene, pulse- polio, literacy, anti-dowry, anti-smoking, traffic rules, discipline, anti-cancer, awareness on diabetes and AIDS day are organized.
- ⊙ "Genius of IIMT" award is given to students based on memory retention and communication.

Extra-curricular activities

"The other side of Student life"

Creativity

Sportsmanship

Imagination

Co-Curricular Activities

Academy provides various opportunities for co-curricular and extra curricular pursuits to let the students explore their hidden potentialities. Therefore, students at IIMT are given a constant exposure to participate in the creative contribution through self-expression by means of different activities like:

- ⊙ Dramatics
- ⊙ Debates/ Extempore
- ⊙ Dance
- ⊙ Quiz
- ⊙ Group Discussion
- ⊙ Artistic Activities
- ⊙ Rallies and Social Awareness Programmes
- ⊙ Music (Instruments, Orchestras, Competitions)
- ⊙ Sports Activities
- ⊙ Math Colloquium

Holistic Development

Purpose of the school is not only to impart knowledge but also to develop the total personality of a child by training his/ her intellectual, moral, emotional, physical and aesthetic senses. Physical education is imparted through various games and sports, aerobics and yoga. An indoor games shed has been specially provided for badminton and table tennis. Mental education is imparted through general quizzes, Sudoku, math colloquium, yoga etc. Spiritual and moral education is imparted through story-telling, role plays and skits. Value education is imparted and seminars are conducted for the students.

IIMT STARZ

Pre-Nursery to Class II
(A Place to Learn and Grow)

About the School

IIMT Starz has carved a niche amongst the leading schools of Meerut. We believe that all children are curious and have a sense of wonder about their world. Our role is to nurture their thirst for learning and to guide them as they seek answers to their questions.

The environment is set up to promote imaginative, creative play and collaboration between children. A large variety of open-ended, multi-sensory materials are available for the children to use. When they explore the various pathways which arise, they are able to become deeply engaged, investigating their areas of interest.

Through talking, writing, drawing, painting, construction, working with number and dancing etc., children express themselves in many ways. They share experiences and represent their ideas through a variety of art forms.

Value is given to discussions where the children can share their ideas and reflect on learning. As they listen to other's ideas, they develop their own thinking.

We aim to make the learning that takes place in kindly visible to others through documentation. We document daily happenings through annotations, photos and displays of the children's work samples.

Our role is not to give answers but to provide the children with the necessary thinking skills needed to make their own discoveries. The school boasts of a biggest play zone in the city ever titled "The Wonderland".

Wonderland

Fun, Learning, Implementing and leading - all under one canopy of recreation with a purpose of insightful learning is available in IIMT Starz. The champions play zone is painted with highly advanced drawing to cope up with the multi dimensions of contemporary learning.

Library

A library plays a very important role in promoting the progress of knowledge and a culture of wider reading that motivate readers and learners for life. A place for collaborative learning, creativity and for developing information literary skills for our young minds.

Creative Activities

The regular conduction of creative activities such as drawing, painting, craft making, visual and performing provide ample amount of opportunities to the pupils to express their creative temperament and allows them to experiment with many forms of expression.

Activity & Play Room

Here children manipulate materials, engage with their peers, engage all of their senses and work through their thoughts and feelings to make the formidable years of learning momentarily joyful.

Computers

IIMT Starz serves as the centre for teaching computer use specially to primary classes by a specialist computer teacher to create technology based projects.

Gymnasium

With the increasing need for self-reliant and confident individuals, standing out of the crowd also matters. At starz this necessity is fulfilled by grooming the students into gymnasium.

Indoor and Outdoor Games

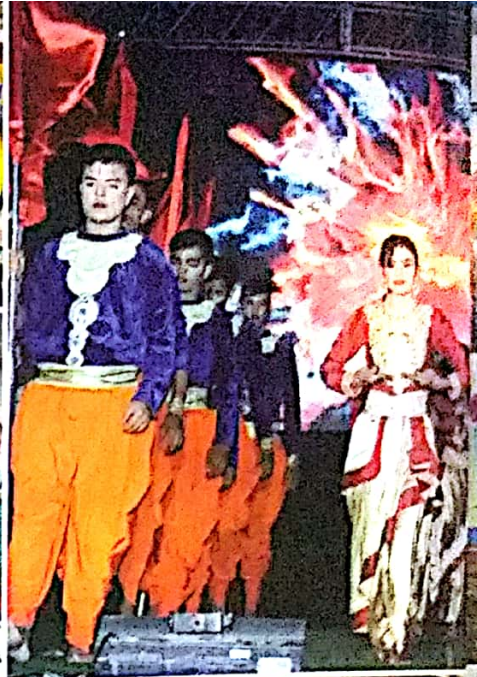

School provides an accordant platform of infusing a spirit of sportsmanship it its pupils through various indoor and outdoor sports activities
